Journal of Geochemical Exploration, 48 (1993) 374–375
Elsevier Science Publishers B.V., Amsterdam

Contents Volume 48 (1993)

Research papers

Interpreting exploration geochemical data from Outokumpu, Finland: a MVE-robust factor analysis
C.Y. Chork and R. Salminen 1

Chlorine as an exploration guide for the platinum-group elements in layered intrusions
A.E. Boudreau 21

Multi-media geochemistry and surficial geology of the Yava Pb deposit, southeastern Cape Breton Island, Nova Scotia, Canada
M.A. MacDonald and F.J. Boner 39

Trace element chemistry of vegetation applied to mineral exploration in eastern Nova Scotia, Canada
P.J. Rogers and C.E. Dunn 71

News item

International Geochemical Mapping, by A.G. Darnley 97

Special Issue

Deep Exploration Using Lithogeochemistry, edited by E.L. Hoffman and D.W. Moore

Introduction 105

Lithogeochemical techniques using immobile elements
W.H. MacLean and T.J. Barrett 109

Volcanic lithogeochemistry and alteration at the Delbridge massive sulfide deposit, Noranda, Quebec
T.J. Barrett, S. Cattalani and W.H. MacLean 135

Characteristics of semi-conformable alteration zones associated with volcanogenic massive sulphide districts
A.G. Galley 175

Application of lithogeochemistry to exploration for deep VMS deposits in high grade metamorphic rocks, Snow Lake, Manitoba
D.J. Hodges and P.M. Manojlovic 201

Petrochemistry of shoshonitic rocks associated with porphyry copper–gold deposits of central Quesnellia, British Columbia, Canada
C.T. Barrie 225

Alteration and geochemical zoning in Bodie Bluff, Bodie mining district, eastern California
P.A. Herrera, L.G. Closs and M.L. Silberman 259

Research papers

The effect of alteration and metamorphism on wall rocks to the Balcooma and Dry River South volcanic-hosted massive sulfide deposits, Queensland, Australia
D.L. Huston 277

Size distribution of gold in some soils associated with selected gold mineralization in Canada and the United States of America
T.A. Delaney and W.K. Fletcher 309

Mobilization of gold into lake sediments from acid and alkaline mineralized environments in the southern Canadian Shield: Gold in lake sediments and natural waters
H.R. Schmitt, E.M. Cameron, G.E.M. Hall and J. Vaive 329

Discussion

Application of metal zoning to gold exploration in porphyry copper systems, by B.K. Jones
Comments, by G.V. Albino 359
Reply, by B.K. Jones 365

Book reviews

Geology and Ore Deposits of the Great Basin, by G.L. Raines et al. (Editors)–
T.J. Bottrill 367

Other publications received 371

Contents Volume 48 374
